Summary

Experienced software engineer, I am open to new professional adventures and ready to tackle stimulating challenges. Always eager to learn, I seek to refine my technical skills and stay at the forefront of technologies. Prepared to make a meaningful contribution in any dynamic environment.

Skills

Java • Spring Boot • React • Angular • Oracle Database • Docker • Ionic

Work Experience

Junior Software Engineer

Jul 2023 – present

Adria Business & Technology • Full-time

Casablanca, Morocco

Technologies: Java • Spring Boot • React • Docker • Oracle Database

- Spearheaded the development and implementation of diverse projects within the banking sector, catering to Adria's esteemed clientele.
- Managed projects of varying scales, ranging from monolithic systems to microservices, encompassing critical functionalities such as bill payment, money transfer, and more.
- Collaborated closely with clients from Adria, ensuring seamless maintenance and support of implemented solutions.
- Demonstrated proficiency in addressing client needs promptly and efficiently, contributing to high levels of client satisfaction and retention.

Software Engineer Intern

Feb 2023 – Jul 2023 • 5 mos

Adria Business & Technology • Internship

Casablanca, Morocco

Technologies: Java • Spring Boot • React • Docker • Oracle Database

- Developed Woyofal bill payment module using Spring and ReactJs.
- Implemented new features for the dashboard using Spring and ReactJs.
- Contributed to seamless integration of modules into banking systems.

Fullstack Developer Intern

Jul 2022 – Oct 2022 • 3 mos

DigitaleO2 • Internship

Mohammedia, Morocco

Technologies: Java • Spring Boot • Angular • Ionic • MongoDB

For two months, I participated in developing a mobile e-commerce app and its admin dashboard. Utilizing Angular, Ionic, and Spring, I contributed to creating a seamless user experience and gained valuable insights into modern web and mobile app development practices.
